Subject to credit approval. Loans must be at least six (6) months old and booked before January 1, 2026. This offer is not available for credit cards. If your loan payments are automatically deducted, your regular payment will automatically be deposited into your share account. Interest will accrue on all affected loans, potentially extending the maturity date. This program isn't available for delinquent loans or loans being paid through a payment protection plan. If you have had 3 months of extensions this year, you do not qualify for the 2026 skip-a-payment.
